Titusville Area School District Rockets Online Campus

Spring/Summer 2022

The Rockets Online Campus...Another Year of Online Success!!!!

The Rockets Online Campus (ROC) continues to provide an outstanding opportunity for students to have a positive online experience. This 2021-2022 school year the ROC serviced approximately 450 students. Each student was provided with opportunities to learn, grow, and succeed. It is hard to believe that this school year is ending. With that in mind, we are preparing for the 2022-2023 school year with many changes and additions to the program to enhance each student's opportunity to be successful online at ROC. As we continue to grow and modify our programming and supports for students. We strive to provide, not just traditional supports like on demand tutoring, but structured tutoring as well. We have expanded our synchronous learning opportunities to include increased individual supports with our core subject area teachers. An additional eleven new electives have been created for the high school aged students next year. This is in addition to the existing 117 curriculum offerings that all students can access. All classes are by a local highly-qualified and certified teacher who is on site at our Rockets Online Campus facility. The entire ROC team is excited to look forward to next school year and would like to thank all of our students, parents, and supporters of the ROC. We will continue to look forward to assisting students having a positive learning experience and achieving online at ROC.

The last day of school for the Rockets Online Campus is June 8, 2022

Equipment and Textbook turn is on June 9 and June 10 at the ROC Center or your home school district!

The latest addition to the Rockets Online Campus Team

Mrs. Ellen Edwards

Mrs. Ellen Edwards is the newest member of the Rockets Online Campus Team for the 2022-2023 school year. Mrs. Edwards is bringing a wealth of teaching experience to the ROC. Mrs. Edwards and Mrs. McGaughey will be teaching all of the elementary grades K4 through grade 6.

August 2022

Attend the MANDATORY orientation meeting to start the 22-23 school year. Pick up the ROC equipment and materials prior to the start of school.

Keys to be a successful online learner at the Rockets Online Campus

Avoid distractions and stay focused!

Being online is flexible, but successful online students have a consistent schedule, work area, and strategy in place to get things done.

Join in the daily meetings online

These daily meetings online are set to allow you to meet with your teachers and to have all work for the day to be introduced or reviewed..

Stay Organized

Successful online students organize their work, workspace, and their schedules.

Positive Communication

Call 814-827-0565 if and when you are struggling online with your work!.

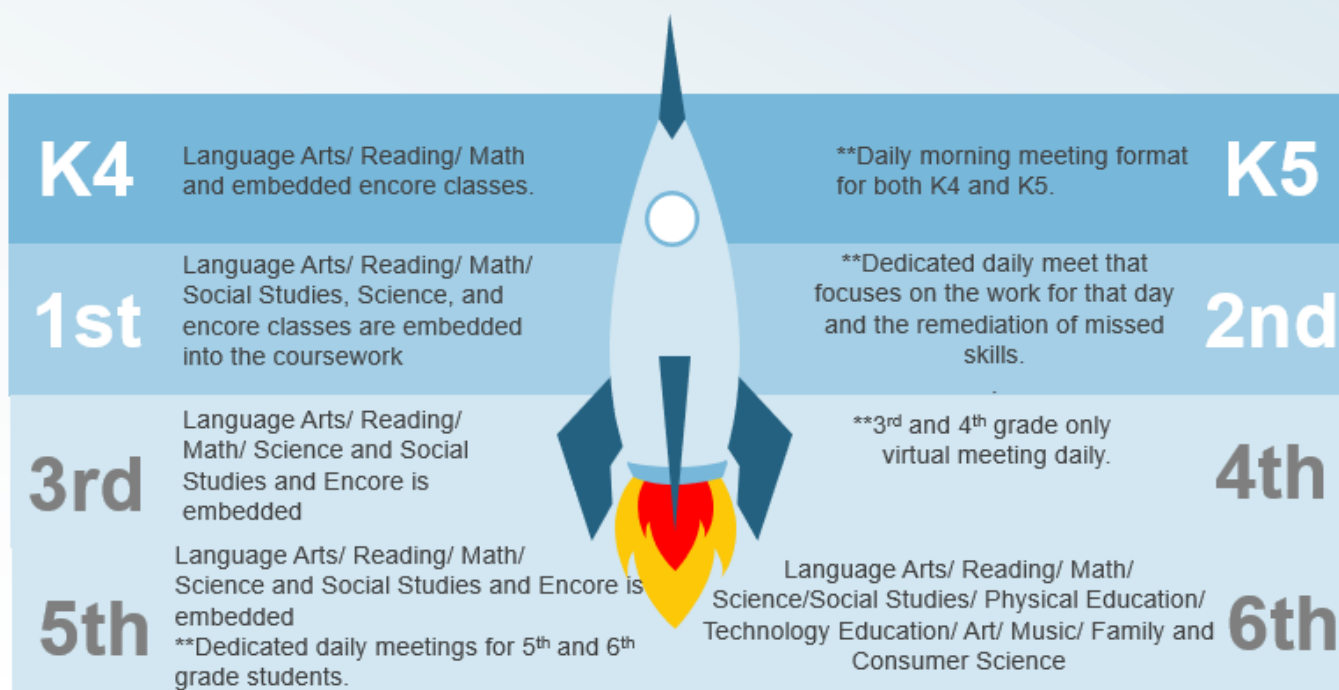

Use the ROC Faculty and Staff

The ROC faculty and staff are waiting online or by the phone to help you.

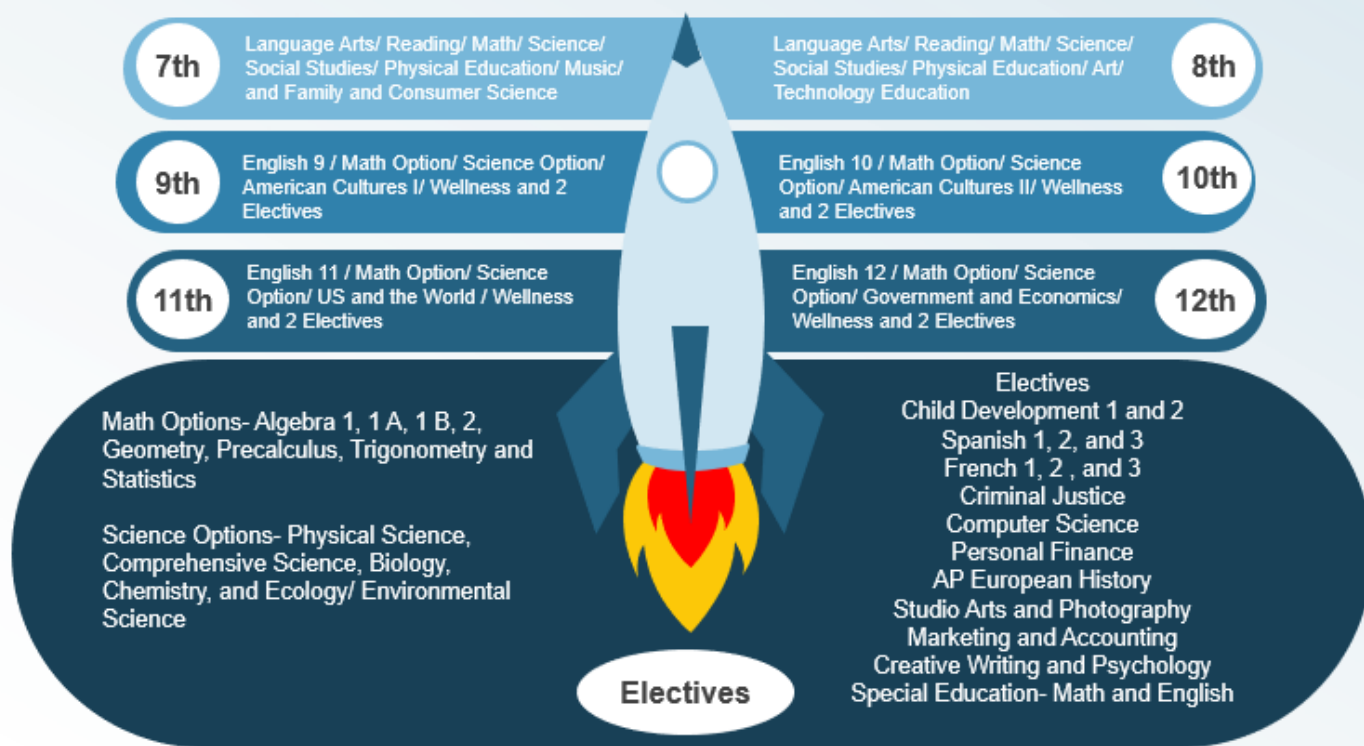

Actively participate in your courses.

Do your work everyday...don't get behind. Being online is no different than being face to face in school.

Rockets Online Campus “ROC STAR” Students

The Rockets Online Campus teachers recognized 57 “ROC STAR” students for being an outstanding student, working hard, completing assignments as instructed, and putting in the time and efforts to achieve online. We are extremely proud of all 57 students!!!

Apology- Our program would like to apologize for missing one of our ROC Star students from the Winter/Spring ROC Star listing. **Graham McFetridge**, grade 3, was accidentally left of the list and he was considered a “ROC Star” for quarter 3.

Way to go Graham!!! We are proud of you!

The Rockets Online Campus Core Team would like to thank all of our students, parents and guardians, and ROC supporters for all of your hard work and for being part of the Rockets Online Campus. Have a great summer and see you in the fall!!!!

Thank you again for a wonderful school year.

- ❖ Reminder to turn in all equipment (Chromebooks, mouse, Hue Camera, and headset) to the ROC Center or your home school district.
- ❖ Reminder to turn in all books and materials to the ROC Center or your home district ASAP.

We hope you have a wonderful and safe summer. See you in the fall. The 2022-2023 school year starts on August 30, 2022.
